What is Equity?

Simply put, Equity at LTCC means making sure students have access to the academic support, mentoring, and financial assistance they need to succeed in college and reach their full potential. Providing access and support isn’t new to LTCC: multiple initiatives and programs dedicated to improving access have been underway for many years. But the Equity Office strives to do something different by focusing on improving access and closing performance gaps for minority students, many of whom are first-generation college students struggling with multiple jobs, language barriers, affordable childcare, and other obstacles that can all too easily hamper academic success.

The Equity Program provides:
- Free mentoring services
- Priority registration
- Free Textbook Lending program
- Additional counseling services, including career guidance and academic planning
- Free trips to nearby colleges to encourage progression
- Visits to cultural events and more!

To be eligible for the Equity Program, students must be:
- Latino (at least one parent is Latino)
- Low income
- First-generation college student
- Committed to transferring to a four-year school, or earning an AA degree or certificate
- Committed to meeting with a counselor twice per quarter

Meet LTCC’s New Equity Director

Laura Salinas, LTCC’s new Director of Equity, shares a similar background with many of the students she’s now charged with helping. Laura was born in South Lake Tahoe, one of four children of a hard-working, single mom. Her family moved around a lot during her childhood, and was set to move again while Laura was enrolled at South Tahoe High. She made the tough decision to stay and finish her studies here, alone. She juggled three part-time jobs, including one at Tahoe Youth & Family Services, which offered her a full-time job after she graduated high school in 2007. Laura worked there while a student at LTCC, becoming the first member of her family to attend college. She earned AA degrees in Natural Science, Spanish, and Liberal Arts in 2009, and in 2012 graduated with a BA degree in Psychology from Sacramento State.

During her time with TYFS, Laura worked as a youth counselor and managed youth development groups for LTUSD and schools in Douglas and Alpine counties, and in Incline. She has run the Girls Project, which empowers K-8th grade girls locally, and serves as a mentor for at-risk girls on weekends. She has also worked at the drop-in center for the homeless, runaway, and at-risk youth in our community, connecting them with resources, basic necessities, and support.

“My focus as Equity Director is on removing barriers so Hispanic students have easier access to college and the support they need to succeed there. I’ll be working with community members, organizations, and with several programs at LTCC, like ESL and our Community Education program, to provide more classes that are relevant to our local workforce. We’ll offer more ‘bootcamp’ classes in English and Spanish so students are better prepped to begin college. Another big part of my job will be creating more unity between the college and community. You’ll see me and Equity staff at outreach events and meet and greets with local businesses, working on building trust and relationships with the Hispanic community.”

You can meet Laura Salinas and the rest of the Equity crew at the LTCC Community Games on May 7, at the Live at Lakeview Thursday concerts this summer, and at other community gatherings both on and off-campus. To learn more about the Equity program, please contact Laura Salinas at (530) 541-4660 ext. 549, or send her an email at lrsalinas@ltcc.edu.
¿Qué significa equidad?

En pocas palabras, equidad en LTCC significa asegurar que los alumnos tengan acceso al apoyo académico, asesoramiento y ayuda financiera que necesitan para tener éxito en la universidad y lograr su máximo potencial.

Proporcionar acceso y apoyo a los alumnos no es nuevo en LTCC: varias iniciativas y programas dedicados a mejorar las condiciones de los alumnos se han desarrollado por varios años. Sin embargo, la oficina de equidad se esfuerza por hacer un esfuerzo mayor al enfocarse en dar más acceso y disminuir las dificultades de rendimiento para alumnos de minorías. Muchos de estos alumnos son de primera generación en la universidad, se enfrentan diariamente con varios trabajos, barreras de lenguaje, cuidado infantil con altos costos y otros obstáculos que pueden obstaculizar el éxito académico.

El Programa de Equidad proporciona:
- Servicios gratuitos de orientación
- Prioridad para inscribirse en clases
- Programa de préstamo de libros de texto gratuito
- Servicios adicionales de orientación, incluyendo orientación profesional y planificación académica
- Viajes gratuitos a universidades cercanas para alentar el éxito académico
- ¡Visitas a eventos culturales y más!

Para calificar en este programa de equidad, los alumnos deben cumplir con los siguientes requisitos:
- Latinos (uno de los padres debe ser Latino)
- De escasos recursos económicos
- Estudiantes universitarios de primera generación
- Comprometerse a ser transferidos a una universidad de cuatro años, obtener un certificado o título de asociado AA.
- Deben reunirse con un consejero dos veces por trimestre

Laura Salinas, la nueva directora de equidad en LTCC, comparte una experiencia personal parecida a muchos de los alumnos de los cuales ella ahora está a cargo de ayudar. Laura nació en South Lake Tahoe, es una de cuatro hermanos e hija de una madre soltera trabajadora. Su familia se trasladó varias veces durante su niñez y tuvieron que mudarse de nuevo mientras Laura estudiaba en South Tahoe High. Ella tomó la difícil decisión de quedarse y terminar sus estudios sola. Ella logró subsistir con tres trabajos de medio tiempo, incluyendo uno en Tahoe Youth & Family Services, que le ofreció un trabajo de tiempo completo después de que se graduó de la escuela secundaria en el 2007. Laura trabajó allí mientras estudiaba en LTCC, logrando ser la primera persona en su familia en asistir a la universidad. Ella obtuvo su AA en ciencias naturales, español y humanidades en el 2009 y en el 2012 se graduó con su licenciatura en psicología de la Universidad Estatal de Sacramento.

Durante el tiempo que trabajó con TYFS, Laura se desarrolló como una orientadora juvenil y administró grupos de desarrollo juvenil para LTUSD y escuelas en los condados Douglas y Alpine y en Incline. Ella actualmente está administrando Girls Project, que motiva a las niñas locales del kínder-8vo año y sirve como consejera para niñas en riesgo los fines de semana. Ella también ha trabajado en el centro de acogida para las personas sin hogar, personas fugitivas y jóvenes en riesgo en nuestra comunidad, conectándolos con los recursos necesarios para cubrir sus necesidades básicas y apoyo.

“Mi enfoque como Directora de Equidad es eliminar las barreras para que alumnos Hispanos tengan acceso más fácil a la universidad y el apoyo que necesitan para sobresalir allí. Estaré trabajando con miembros comunitarios, organizaciones locales y con varios programas en LTCC, como inglés como segunda lengua (ESL, por sus siglas en inglés) y nuestro programa de Educación Comunitaria, para proporcionar más clases que son relevantes para nuestra fuerza laboral local. Ofreceremos más clases intensivas de inglés y español para que los alumnos estén mejor preparados para comenzar la universidad. Otra parte importante de mi trabajo será crear un fuerte enlace entre la universidad y la comunidad. Me podrán ver a mí y mi equipo de equidad en eventos de participación local para conocer y dar la bienvenida a negocios locales. Trabajaremos con el fin de establecer confianza y relaciones con la comunidad Hispana”

Usted puede conocer a Laura Salinas y al resto del equipo de equidad en los Juegos Comunitarios LTCC el 7 de mayo, en los conciertos Live at Lakeview los jueves; en otras reuniones comunitarias adentro y afuera nuestra institución académica.

Para aprender más sobre el programa de equidad, por favor comuníquese con Laura Salinas al (530) 541-4660 ext. 549, o escriba un correo electrónico a la dirección lrsalinas@ltcc.edu.
Meet Our Faculty:

ESL/Spanish Instructor and ISSI Co-Director, Maxine Alper

Q: What's your educational background?
A: I attended community college three times and quit three times, because I really wasn’t ready to go. When I finally got the support I needed there and the classes I wanted to take were there for me, I stuck with it and did well. I transferred to a four-year school where I studied Political Science and Religion, and worked my way through school. I was always interested in other cultures and languages. So after getting my BA, I went to grad school for Government/International Studies. This is when I began to get serious about studying Spanish. I wanted to immerse myself in it and have the experience of living in another country, so I decided to go to Guatemala to work and study. As soon as I arrived there, I felt like I was at home. At the end of my year there, I decided to stay on. I became fluent very quickly, and a whole world opened up to me. I was able to communicate with new groups of people – people I could never converse with or learn from before. I ended up staying there for 8 ½ years, teaching English in a private university and then in a local junior high and high school. I figured I’d live out my life there.

Q: You’re quite passionate about both human and animal rights. How did this passion first take root?
A: I grew up in Bethlehem, Pennsylvania, not far from the Three Mile Island nuclear facility that had a reactor meltdown back in 1979. That event sparked a lifetime of social activism in me. I took part in lots of sit-ins and protests, different forms of civil disobedience against nuclear power, the draft…all sorts of issues that affect our society. Typical Sixties kid. I’ve been a vegetarian for a few decades now, and my deep love of animals is a big part of my life.

Q: How’d you end up at LTCC in the ESL Department?
A: I moved to South Lake Tahoe, where my sister lived. In 1997 I was already deeply involved in teaching, so looking for work at Lake Tahoe Community College was a natural choice. I love teaching so much. Understanding other cultures lets us know that there are different ways of thinking, different ways of living, and they’re just as valid as our way. That’s a really important lesson to be sharing with students. Teaching in ESL is extremely rewarding to me. It gives students a real life skill. English is now used world-wide. Knowing it potentially gives people a better life. It makes doors open in a fundamental, important way. For many years I focused on social justice issues, pointing out what’s wrong in the world. Teaching ESL allows me to focus on what I like and feel is important, and it gets me to think about what’s right and positive and working in the world.

Q: How has the ESL program at LTCC changed over the years?
A: It started as a for-credit program. Now it’s 100% non-credit, which allows undocumented people to register and take classes. The ESL classes are free, and they’re a lot more flexible than credit classes are. We’ve added to the curriculum over time, too, by adding in Pronunciation, Computers, and other classes. We offer a Citizenship class that explains how the United States works and how to apply to become a citizen. We also now offer Spanish language GED prep classes, which has helped a lot of people in our community earn their GED certificate.

Q: Anything to add about your time at LTCC?
A: I absolutely love working at the college. There is a commitment to improve, to make this a great place to work. I’m surrounded by people every day who are dedicated to helping students. All of our efforts are focused on helping them to be successful, whether they’re English speakers or not. I’m glad to be doing what I love here.

Summer Highlight:

ISSI-INTENSIVE SPANISH SUMMER INSTITUTE

Every summer for the past 22 years, an authentic Spanish village rises on LTCC’s campus, welcoming students from around the state and country to an immersive week of instruction in Spanish language, culture, music, art, literature, conversation, and cuisine. This year’s Intensive Spanish Summer Institute (known as ISSI to its legions of fans) is Monday, August 1 through Friday, August 5. It’s a one-of-a-kind learning opportunity for those interested in expanding their Spanish skills, from high school age on up.

You’ll learn with native Spanish-speaking instructors through 14 levels of language instruction and more than 90 different cultural Break-Out sessions. Take classes in grammar, cooking, history, dance, travel, crafts, holidays and traditions, conversation, literature and more, and earn up to 4 quarter units of college credit in the process. Explore new classes such as “Painting War: Velazquez, Goya, and Picasso,” a series of new classes on Don Quixote, and a look at how the New World was depicted in “16th Century Spanish Art.” Learn phrases that’ll have you sounding like a true native, and perfect your grammar and accent. Whether you are studying Spanish for your career, college, or as part of your life-long learning, this program will provide the experience you need to meet your goals and have a great time doing it!

Best of all, ISSI at LTCC is affordable. The cost for California residents to enjoy a 2.5 unit, 5-day ISSI program is just $119.50 (a $77.50 enrollment fee, plus a $42 material fee). Continuing LTCC students can register for ISSI starting Tuesday, May 31. New and Returning students can register starting Monday, June 6. SUMMER CONSTRUCTION PROJECTS

Measure F bond funding will bring a bunch of improvements to campus this summer. Here’s what’s coming, and how it may affect building and parking lot access this summer:

Main Parking Lot
The main parking lot on the south side of campus will be completely redone. Work begins in June and will be completed Fall 2016. In addition to resurfacing the lot, existing walkways will be replaced to provide heat, and additional heated pathways will be constructed, including a path running through the entire lot for quicker and safer building access during winter. A plaza will also be constructed in front of the library, along with a new bike path that will eventually connect to South Lake Tahoe’s integrated trail system. This project will impact parking access on campus! Watch for signs pointing to alternate parking, and please consider using public transportation or pedal power to visit campus during this work.

Soccer Field
Work on the soccer field will be completed in Fall 2016. The old field will be entirely replaced, and a new scoreboard, permanent bleachers, and additional pathways are coming, providing easier access to the field year-round. Additional green space surrounding the field will also be added to give spectators more room on the sidelines. Soccer field improvements will limit its use this summer (until the end of August).

Physical Education Center
Construction is underway in the PE Building, which will be completed later this summer. New bleachers are going in, along with a brand-new gym floor that will welcome one and all to Coyote Country. This work will limit use of the PE Building this summer.

Special Notice for Students Receiving a Pell Grant...

LTCC is excited to announce a new exclusive partnership with Bank Mobile for financial aid disbursements in which students will be able to receive their funds in a direct deposit format starting this summer. This will allow students to have faster access to their funds and eliminate having to go deposit or cash a check. This program will also offer students a free checking account if they don’t already have one. Stay tuned for more information.
Important Program Update from the California Community Colleges Chancellor’s Office

2016 BOG FEE WAIVER CHANGES

In an effort to help students succeed in the California community colleges, the Student Success Act of 2012 (California Senate Bill 1456) was signed into law by Governor Brown. Among other aspects, the Act included the creation of minimum academic and progress standards that must be met for continued eligibility for the Board of Governors Fee Waiver Program. The requirements are as follows and go into effect for the fall of 2016.

1) Achievement: Students must achieve a 2.0 grade point average (GPA). If your cumulative GPA falls below 2.0 for two consecutive primary terms, you may lose your fee waiver eligibility.

2) Progress: Students must complete more than 50% of their coursework. If your cumulative number of units completed is not more than 50% in two consecutive primary terms, you may lose your fee waiver eligibility.

3) A Combination of Academic and Progress Standards: Any combination of two consecutive terms of cumulative GPA below 2.0, and/or cumulative unit completion of not more than 50% may result in loss of fee waiver eligibility.

You’ll be notified within 30 days of the end of each term by the college if you are being placed on either Academic (GPA) and/or Progress (Course Completion) probation. Your notification will include the information that a second term of failure to meet academic and progress standards will result in loss of fee waiver eligibility. After the second consecutive term of failure to meet standards, you may lose eligibility for the fee waiver at your next registration opportunity. Please take advantage of the many support services available to you at LTCC.

We encourage you to visit with financial aid if you have any questions about this regulation or about your status. It is important that you seek assistance if you are struggling in class. Free tutoring, counseling, academic workshops, disability services, the Writing Center, and the new Equity program are available to students. We are here to help! For more information, visit us in the One-Stop Center or contact us at (530) 541-4660 ext. 211 or enrollmentservices@ltcc.edu.

**Keeping Our Campus Safe**

In an effort to quickly and seamlessly inform the campus and community about emergencies, we now offer LTCC Alert. This mobile emergency notification system allows users to receive notifications via text, email, and voice regarding fires and other emergencies, weather closures, power outages, and other on-campus situations that may affect normal business operations.

All currently registered students are automatically entered into LTCC Alert each quarter based on contact information provided during the registration process. Your LTCC Alert login credentials are the same as those you use to login into Passport. If you’d like to make changes to your LTCC Alert account, including stopping messages from going to your cell phone or email address, go to www.getrave.com/login/ltcc and select the My Account tab.

Community members, parents, former LTCC students and others who want to receive LTCC Alert emergency notifications can self-register by going to https://www.getrave.com/login/ltcccommunity.

LTCC Alert will only send messages related to emergencies and timely notifications. We respect your privacy, and you will never receive any SPAM or notifications other than official LTCC communications.

The Family Education Rights and Privacy Act (FERPA) requires educational institutions to provide students (or their parents, if the students are under 18 and have provided written consent) access to education records directly related to the student. The College is also required to obtain the written consent of the student before releasing personally identifiable information other than to specified persons and agencies allowed by law. The act provides that the college may release certain types of information (directory information). To withhold disclosure of directory information, written notification must be received in the One-Stop Center prior to the first day of the quarter the student is attending. The extremely popular Lake Tahoe Basin Fire Academy will be held again during Fall 2016, Winter 2017, and Spring 2017 quarters. This academically and physically demanding training program is offered by Lake Tahoe Community College, in partnership with South Lake Tahoe Fire Department, Lake Valley Fire Protection District, and Tahoe Douglas Fire Protection District. A general medical clearance through the student’s health care provider is required and will be explained in detail at the mandatory orientation meeting. Upon successful completion of the academy, students will meet the training requirements for California State Fire Marshal Firefighter I (which can be applied for after six months of career, or twelve months of volunteer firefighting experience).

Does the Academy have any prerequisites? Yes. A minimum of 21 hours of Public Safety First Aid and CPR certification as documented in the California Health and Safety Code 17.97.182. LTCC courses that exceed this requirement are completion of HEA 106 (Emergency Medical Responder) or EMR card, OR Completion of HEA 140A (Emergency Medical Technician) with a “B” or better or equivalent EMT course certificate of completion. Prerequisites will be verified by the instructor on the first day of class.

Mandatory Orientation Meeting
The demand for this program is expected to be great, and interested students must attend a MANDATORY orientation meeting on Tuesday, August 16, 2016, 6pm-8pm, in the Board/Aspen room L103/L104. Reservations are NOT required.

For more information, like us on Facebook or contact Leona Allen at lallen@mail.ltcc.edu.

Academic Policies

SATISFYING REQUIREMENTS
Each student must assume complete responsibility for compliance with the instructions and regulations set forth in this schedule for selecting the courses that will permit achievement of individual educational objectives, and for satisfying prerequisites for any course which they plan to take.

The College likewise assumes no responsibility for misinterpretation by students of policies and procedures as presented in this schedule. Counselors and faculty are available and willing to assist students in planning their programs.

Any questions or doubt concerning schedule material should be referred to the Office of the Vice President, Academic Affairs.

PREREQUISITES, COREQUISITES AND ADVISORIES
Some courses and educational programs have prerequisites, corequisites, or advisories considered necessary and appropriate to ensure that students are adequately prepared to succeed in the course or educational program.

What is a Prerequisite? A condition of enrollment that a student is required to meet in order to demonstrate current readiness in a course or educational program. Students are required to show proof of meeting the prerequisite in order to register for the course. Prerequisites completed at LTCC with a “C” or better will be automatically approved when students register for the course. Students who completed a prerequisite course at another college will need to provide proof to a LTCC counselor before they will be able to register.

What is a Corequisite? A condition of enrollment consisting of a course that students are required to complete simultaneously (or prior to) in order to enroll in another course. Students must register for the stated corequisite in order to register for the course.

What is an Advisory on Recommended Preparation? A condition of enrollment which students are advised, but not required, to meet before, or in conjunction with, enrollment in a course or educational program.

Are there other limitations on enrollment? Yes. Enrollment in certain courses or educational programs of study may require try-outs, auditions, or may be limited by health and safety considerations, and space limitations or legal requirements imposed by statutes, regulations or contracts. All such limitations are in conformity with the provisions of Title 5, Section 58106, California Community College Board of Governors.

What if I don’t have the necessary prerequisites or corequisites? Students will not be permitted to enroll in a class for which they cannot demonstrate they have met the prerequisite, or are enrolled in the corequisite. If it is determined after a course begins that a student has not met the prerequisite, he/she will be dropped from the course.

Grounds for appeal
• The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite.
• The student possesses the skills/knowledge necessary to protect the health or safety of him/herself and others despite not meeting the stated health and safety prerequisite.
• The prerequisite or corequisite course is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.
• The student will be subject to undue delay in attaining the goal of his or her educational plan because the prerequisite or corequisite has not been made reasonably available.
• The prerequisite or corequisite has not been established in accordance with the District’s process for establishing prerequisites or corequisites.
• The prerequisite or corequisite is in violation of Title 5.

Prerequisite Appeal Procedure
A student may appeal a prerequisite or corequisite by filing a Prerequisite or Corequisite Appeal Petition. This form can be obtained from Enrollment Services.

1. The complete appeal petition must be filed with Enrollment Services prior to registration.
2. The appeal petition will be processed within five working days of its receipt and the student notified accordingly.
3. If the appeal is upheld, the student will remain in the course.
4. In the event the petition is denied the student will be disenrolled; however, the student may appeal the decision in writing directly to the Division Dean or Vice-President, Academic Affairs.
5. Student will be notified of the appeal decision within five working days.
